

ANYONE CAN BE A LEADER

We're on a big adventure
We're on a mighty quest
To smash that big word leadership
Provocation at its best
A day of being curious
A day of open mind
To celebrate inclusion
Then share what we can find

Some lead with their voices
Some lead with ideas
Some lead by example
And share with their peers
We're creative enablers
We work as a team
Inspire all around us
To follow their dreams

So speak from the mind
And lead from the heart
Believe in yourself
It's a very good start
Left alone to drown
You'll find a way to swim
Rise to tell your story
Believe from within

*L is for learning
E for enriching
A is an advocate of everyone achieving
D for decisions
E to empower
R is taking risks every day, every hour
S is supporting
H is to hope
I to inspire each and everyone to cope
P is to play and to participate
Leadership is best if we collaborate
Anyone can be a leader
Leadership could be for anyone*
