

# Safeguarding Policy

**Safeguarding helps to keep us safe from abuse.**

**We will look out for signs of abuse, such as:**

- Someone having more cuts or bruises than normal.
- Someone coming to DIY upset.
- A big change to how someone behaves or looks.
- If someone shows us messages that could be cyber-bullying.
- If someone seems frightened.

# There are different types of abuse, like:

- Bullying and Cyber-bullying

- Abuse to do with money

- Physical abuse

# There are different types of abuse, like:

- Someone stealing from you

- Not caring for someone properly

- Being forced to do something you don't want to

- Sexual abuse

If you think that you or someone else might be being abused, you should tell Bill or another DIY member of staff.

Bill will listen, find out the facts and work out what course of action needs to take place.

If needed, he will report it to someone else.
