Give Me Space!

Our Spaceman will welcome you and invite you on a journey into space.

Give Me Space!

We will travel through the clouds.

Give Me Space!

We will land on an ice cold planet.

Aliens will give the Spaceman presents
which you will be able to touch and
explore.

Give Me Space!

We will leave the ice cold planet and
travel through space and sing a song.

You will have a chance to travel
through the space fabric.

Give Me Space!

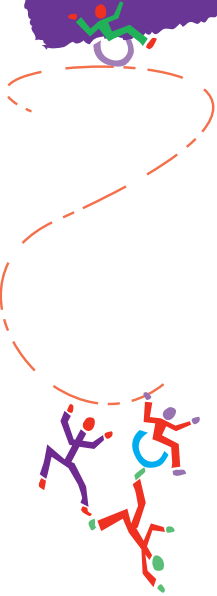

The Spaceman will land on a red hot planet.

Aliens will give the Spaceman presents which you will be able to touch and explore.

Give Me Space!

We will all return to earth and the
Spaceman will sing a goodbye song.
